

# Meeting in NAV information group in Copenhagen

Park Inn, 17. april 2013. 9.00 – 16.00

## Agenda:

### Information group (9.00-12.00)

Look at last meetings memos.

Common communication in NAV

- Internal and external expectations in Denmark, Sweden and Finland to common work – how far and how fast do we go?
- What works and what doesn't work today
- How do we succeed - SWAT analysis/other analysis?
- Input from Danish communication expert

Finalization of communication plan

- Close open points
  - Overview of meetings where we have presentations regularly
  - Update web pages
  - ???
- Who do what work in Denmark, Sweden and Finland in 2013
- Priority for 2014

### Joint session with technical group (12.30-14.00)

- Database with NAV EBV's
- Translation of EBV's to phenotypic values + database with NAV EBV's

### Information group (14.00-16.00)

- NTM – practical proofs – status and next steps
- Common monitoring tool for VikingGenetics
- Common oral information sessions
  - VikingGenetic
  - Breeding advisors

The folder current work should be looked through, I think we should sort out our plans to a separate folder and maybe rename go through items under current work.
