

DNMARK International workshop and project meeting

University of Copenhagen, Oct 6-7 2014

Venue: Bispetorvet 1-3. 1167 København K, building 701 (see map below)
PhD and post-doc workshop Tuesday: KU Frederiksberg Campus.
Participants: Research partners in the alliance and invited international experts.
Moreover members of the alliance board may join.

Agenda

Monday Oct. 6.

1. 9-12 AM: Possibility for bilateral meetings (remember to inform Tommy. The seniors invited by Jørgen Olesen will meet at Bispetorvet 1-3. Others bilateral meetings at Nørregade 10. See maps below).
2. 12 AM: Lunch with the international experts
3. 1 PM: Opening
 - a. Project summary and status / presentation of international participants (Tommy Dalgaard, 15 min.)
 - b. Introduction to the urgent challenges for N regulation in Denmark (Irene Wiborg, 20 min.)
 - c. Solution Scenarios and modelling – update after the May 12-13 workshop (Jørgen E Olesen, 25 min)
 - d. Response from the international experts and discussion (30 min.)
4. 2:30 PM: National Nitrogen Assessment tools
 - e. Disaggregated N budgets for Danish agriculture: adaptation and application of the INTEGRATOR model to Denmark (Hans Kros, Alterra, The Netherlands. 25 min.)
 - f. A nitrogen budget for Denmark; developments between 1990 and 2010, and prospects for the future (Nick Hutchings. 20 min.)
 - g. Response from the international experts and discussion (15 min.)
5. 3:30 PM: Coffee Break
6. 4 PM: International perspectives on Nitrogen Assessment tools
 - a. National Nitrogen Budgets in Europe: concept, data, and potential applications for scenario analysis (Adrian Leip, European Commission Joint Research Centre, Institute for Environment and Sustainability Monitoring Agricultural Resources Unit, ISPRA, Italy. 45 min.).
 - b. Responses from the audience and discussion (15 min.)
7. 5 PM: Management Committee meeting, and possible meeting with board members
8. 7 PM: Dinner in a restaurant, downtown Copenhagen (www.pederoxe.dk)

Tuesday Oct. 7.

9. 9 AM: Morning discussion session
 - a. Meeting opening and 1st day summary (Tommy, 10 min.)
 - b. Wake-up presentation: Everything You Always Thought about Nitrogen* (*But Were Afraid to Speak Out): reconsideration of some controversial

nitrogen issues in the European context (Hans van Grinsven, Department: Water, Agriculture and Food, PBL, Netherlands Environmental Assessment Agency (45 min.)

- c. Discussion and planning of the further DNMARK work (Group session initialized by Jørgen E Olesen, and 4 group chairmen).
- 10. 10:30 AM: Coffee
- 11. Group work session on solutions scenarios (We split in 4 groups. Background documents will be distributed from Jørgen, Morten and Tommy)
- 12. 11:40 AM Summary session
 - a. Plenum reporting of group discussions (4 times 10 min.).
 - b. Short summary comments and recommendations for further research (10 minutes from each of the international experts)
 - c. Take home messages and plans for the further DNMARK work (Tommy Dalgaard, 10 min.,.)
- 13. 12:30 AM: Lunch with the international experts and good bye

Tuesday afternoon, Oct 7.

- 14. Possibility for bilateral meetings + dedicated workshop for the DNMARK PhD and post-doc students (taking place at KU LIFE Campus Frederiksberg)

Program points for the PhD and post-doc workshop

(organized by Lars Stoumann Jensen and Birgitte Hansen)

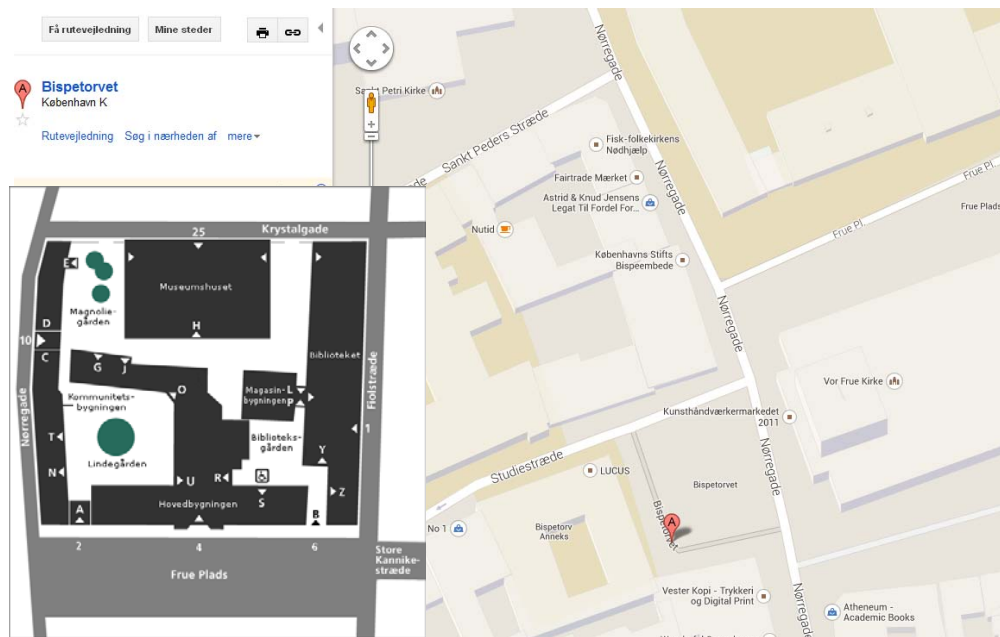

- 1. **Collaboration and joint papers** - *This topic is really important to follow up on, and would be our main priority. We are sure not all collaborations have materialized, but it will still be important to go through all and discuss status and plans for each, so this will require sufficient time – **probably 2 h. See the minutes from last meeting (in Odsherred), we expect the leads for each agreed activity to present a status (even if it is short due to no work yet!) prepared agreement with the other contributors***
- 2. **Summary of “The meat dogma project” outcomes** of Monday mornings bilateral session by Morten and Sandy – so all have an idea about the project and can give our feedback. **Max. ½ h**
- 3. **Dissemination of results besides scientific papers** - *It is still a little early in your project to discuss concrete plans for popular dissemination of your results, as most of you have no or only preliminary results. We have therefore agreed with our communications officer from VfL, Bodil Pedersen, that it will be more relevant to have a proper “Popular communication and dissemination” workshop following our next annual meeting in Varde. Therefore at this meeting we will just brain-storm on ideas and relevant suggestions for target groups, topics and methods for dissemination and communication to the public about the expected outcomes of your research. **Please beforehand write down at least 3 ideas for your project, and be prepared to present them. Max 1 h***

For the Varde workshop March 2015, Bodil select 1-2 cases to work further with you in advance and at the workshop these will be demonstrated as examples, and you will get time to work with your own ideas and get feedback and input for these.

Practical information

Venue:

- The main meeting is at: Bispetervet 1-3. 1167 København K, byg. 701 (right in front of the main entrance to the Copenhagen Cathedral “Vor Frue Kirke”) Another meeting room will be available at Nørregade 10, Københavns Universitet 1165 København (opgang N, see plan below):

Hotel booking:

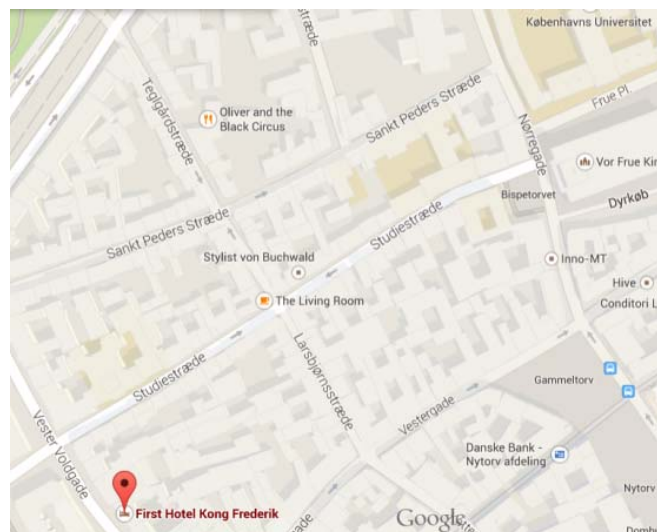

We have only booked rooms for our international guests, but have reserved rooms at Hotel First Kong Frederik. **You need to book your own room by sending an e-mail to Booking.KongFrederik@firsthotels.dk.**

The hotel is situated

Vester Voldgade 25
1552 København
(walk 300 m via
Studiestræde to
Bispetervet):

Food:

The project pay for your food during the meeting, and the evening dinner Oct 6. Breakfast is at the hotel.

Participants list:

If you have changes to the below registration list, then mail an update to secretary Susanne Birk Rasmussen sbr@ign.ku.dk (with a cc to tommy.dalgaard@agrsci.dk).
