12. oktober

Kl. 05.30 Vi mødes på AgroFoodpark 13 og kører til Tyskland

Kl. 11.00 Besøg hos Landwirtschaftskammer Niedersachsen (håber at vi kan nå det)

Vi mødes med Elisabeth Schulz m.fl.

Elisabeth Schulz, Fachgruppe 2: Nachhaltige Landnutzung, Ländliche Entwicklung. Landwirtschaftskammer Niedersachsen Bezirksstelle Uelzen Wilhelm-Seedorf-Str. 3 29525 Uelzen. Tel. 0581/8073-138 e-Mail: elisabeth.schulz@lwk-niedersachsen.de

Jeg har aftalt at vi mødes med dem i ca. 5 timer og taler om nogle af de miljøtiltag de arbejder med samt ser noget af deres vandløbsrestaurering.

Both the colleague from the Waterboard Uelzen, Ingmar Sannes, as well as the ones on farmers' activities against nitrogen leaching, Alix Mensching-Buhr and Rainer Behrens, at the moment are free on Oct.12th. Please confirm that date and tell us about the time you can spend with us and how many persons you will be. It would be helpful, if you could mail short overviews on the "state of the art" in Denmark on the topics. Then we perhaps could continue there or do a comparison.

Det vil de gerne vide noget om:

Overview in terms of what are the basic frame conditions for

- farmers (nitrogen leaching) and
- waterboards (maintenance of watercourses; development of watercourses).

Restrictions? Voluntary programs? Obligations? Compensations?

Vi overnatter på VitalHotel Ascona, Zur Amtsheide 4, Bad Bevensen, 29549 DE. Tlf. +495821550

13. oktober. Kl. 10.30 Besøg hos LMS AGRARBERATUNG

Vi mødes med Andreas Hoppe Wasserrahmenrichtlinien-Beratung. (Vandrammedirektivet konsultering)

We would like to invite you at October 13 to a visit in Mecklenburg-Vorpommern. We will also invite the LFA (research institute of Mecklenburg-Vorpommern) and the farmers association of Mecklenburg-

Vorpommern. In combination, we will create a program, to give you more information's about environmental measures in Mecklenburg-Vorpommern.

Of course we want to know something about your work and perhaps something more about environmental measures in Denmark. Which measures are successful, which measures do you apply?

I suggest we will meet each other in Gülzow near by Güstrow at 10:30 at the State Research of Agriculture(LFA). 18276 Gülzow-Prüzen Dorfplatz 1
