

Program for BioValue Annual Assembly on "Industrial perspectives", September 12-13, 2016

Date	Time	Program
Monday	11.30	Registration at hotel DGI-byen, Tietgensgade 65, 1704 København V
Sept. 12	12.00-12.50	Lunch with all participants and BioValue Board
	12.55-13.00	Welcome by Platform Coordinator Jan K. Schjørring
	13.00-13.15	Board outlook on biorefinery landscape by Chairman of the Board Johan Mogensen
	13.15-13.30	Where are we heading? Platform direction towards 2018 by Platform Manager Jane Lindedam
	13.40-15.40	Projects presenting "How can results be used industrially?" and industry panel feedback
	15.40-16.00	Break and snacks
	16.00-17.30	Theme I: Protein and value-adding refinement
	16.00-16.35	Inspiration case of protein from milk curd by Henrik Jørgen Andersen /ARLA
	16.35-17.20	Poster presentations of cases from BioValue, slides from large scale feed experiment (Project 2)
	17.20-17.30	Competence Center Leader presenting demonstration case of green biomass value chain
	18.00-19.30	Dinner
	19.30-20.30	Presentations "Perspectives of feed and food protein in the future" by DLG and KMC. Plenum discussion
	21.00-22.00	Bowling
Tuesday	08.30-08.40	Re-cap of yesterday by KCLs
Sept.13	08.40-11.00	Theme II: Exploiting lignocellulosic material
	08.40-09.40	Presentations "Perspectives of lignocellulose refinement" by SEGES, Novozymes and Haldor Topsøe and plenum discussion
	09.50-10.35	Poster presentations of cases from BioValue, slides from Innovation project with DSE Test Solution
	10.35-10.45	Competence Center Leader presenting demonstration case of yellow biomass value chain
	10.45-11.00	Socioeconomics, sustainability and ethics in biorefining scenarios by SeSE-project
	11.15-11.45	"Maabjerg Energy Concept (MEC) – what happens when we push start?" by Søren Holm Pedersen
	11.45-12.00	Summary and Goodbye
	12.00-13.00	Lunch
