

## **Agenda study trip**

Visitors from Germany - Wasserrahmenrichtlinien-Beratung

### **25.05.16**

14:00-14:30 – Introduction to SEGES. Presentation by Project Manager Irene Asta Wiborg

14:30-16:00 – Fertilization ordinance, utilization of organic fertilizer (trials and results), frame conditions for nitrogen and N-quotas and fertilizer plan on field level. Presentation by Specialist Annette Vibeke Vestergaard

### **26.05.16**

09:00-12:00 – Study trip to Norsminde Catchment with the aim to get insight in measurements that improves the chemical and ecological conditions of waterbodies.

- Constructed wetland with surface flow
- Constructed wetland with matrix flow
- Intelligent bufferzones
- Controlled drainage (TBC)
- New project with wetland in Odder

Some measurements are approved in regard to effect and some are on a more experimental level. Guidance by Project Manager Frank Bondgaard and National Specialist Marine Flemming Gertz

12:00-13:00 – Lunch at DLMØ

13:00-16:00 – Study trip continuous.

16:00-17:00 – Coffee break at site.

- Discussion on how to handle the WFD from a Danish and German perspective and the approach to implement different measurements in a Danish context.
- Decision on why to use different measurements to reduce nitrate with Project Manager Irene Asta Wiborg

18:00- – Dinner at Norsminde Kro. Own payment

### **27.05.16**

09:30-10:00 – Targeted regulation in Denmark - new direction from 2018. Effectivity of measurements and monitoring of measurements (system of control). By Consultant Kristoffer Piil

10:00-10:45 – Pesticides and taxes on pesticides. Presentation by National Specialist Crop Protection Jens Erik Jensen.

10.45-10:50 – Coffee break

10:50-11:30 – Presentation of catalogue of measurements in Germany and the approach to implement them in a German context. How do you ensure implementation? How do you advice German farmers in environmental measures and how do you fund them? By Germany representatives

11:30 -12:00 – Exchange of expertise or cooperation in international projects for example Baltic Sea Deal or Helcom. By Project Manager Irene Asta Wiborg and Germany representatives.
