

23th January 2018

Implementation of locally based water plans – 2. meeting Bilateral Swedish & Danish meeting

Meeting the 8th - 9th February 2018

Havs- och vattenmyndigheten (HaV), Gullbergs Strandgata 15, 411 04 Göteborg

This is the 2. bilaterally meeting concerning more locally based water plans
First meeting held place in Copenhagen the 27th April 2017.

At the first meeting, a general understanding for the differences and similarities between the water governance in the two countries was achieved.

The overall subject of the meeting still concerns how Water Plans can become more locally anchored.

At this 2. meeting we will have 3 main subjects

- National updates concerning new mayor aspects in connection to water issues, more locally based water plans.
- New experiences concerning catchment officers and Vattenråd/vandråd.
- How to develop co-governance processes in the 3. Plan period.

The meeting will in general be kept in English, because it is our experience that not all participants will be comfortable with Danish/Swedish.

Welcome 😊

Program (preliminary):

1 Day, 8th February

12.00-13.00 *Lunch, HaV (Gullbergs Strandgata 15)*

13.00–13.30 Welcome, Introduction of participants and program
