Meeting ID: 889 9508 5499

Passcode: 676410

Very welcome to the next partner workshop. This time we will focus on the new and innovative things and key messages/findings coming out of Waterdrive. Each WP will present their five most important things for later communication across the Baltic Sea Region. What is new and what do you think we should highlight in our recommendations? A good preparatory step is to look at the original application and check what we wrote there. We are now “closing the loop” between what we promised and what we will deliver. In the mid-term reporting you also listed what is more innovative and maybe that can provide some guidance for this step in our mission to achieve impact.

11 May, Tuesday, 9.00 – 12.00 (CET)

10 min. **Welcome and introduction by Staffan Lund, Waterdrive Project Manager, SLU**

New and innovative solutions and key findings/messages for water management in the farmland of Baltic Sea Region
